Geography and History:

Lake Toxaway was founded in 1895. The mountains of Western North Carolina already had national prominence as a vacation destination for wealthy families by then. This area was known for a much cooler, less humid summer Southern climate due to the elevation with fresh air, an abundance of scenic waterfalls, stunning mountain views and outdoor recreation. The region was nicknamed the "Switzerland of America."

The land you are standing on was owned by the manufacturer of Singer Sewing Machines in the early and mid 1900's. The Singer Manufacturing Company harvested timber here to make sewing machine cabinets in Anderson, SC. Singer sold this land to Duke Power as they were building the massive Keowee-Toxaway hydroelectric project nearby because the area was ideal for its steep topography and temperate rain. Marathon Coach (a Prevost converter) designed the first Luxury Motorcoach Resort in a mountain range here in 2000. We have current resort owners here today that bought some of the first lots when the resort was originally developed.

Temperatures and Elevation:

Brevard NC ---- 2231' -----Typically 5 degrees warmer than Mountain Falls
Mountain Falls in Lake Toxaway NC-----averages 3300' on the Ridge
Cashiers NC ---- 3484' -----Typically 2 degrees cooler than Mountain Falls
Highlands NC ---- 4117' -----Typically 5 degrees cooler than Mountain Falls

Just Exactly Where are You?

You are in the Great Smoky Mountains range in the Blue Ridge Province of the Appalachian Mountains and only a few miles from the Eastern Continental Divide. The name "Smoky" comes from the natural fog that often hangs over the range and presents as large smoke plumes from a distance caused by the vegetation that has a high vapor pressure.

We are a short drive to the Western section of the historic and beautiful 429 mile long Blue Ridge Parkway. To our East is the Pisgah National Forest, which is 512,000 acres, part of which was originally part of the Biltmore Estate. To our South is Gorges State Park which is 7,700 acres. And, to our West is Nantahala National Forest which is 531,000 acres.

Rain and Clouds in the Forecast?

Don't be discouraged if you see rain in the forecast or wake up to a cloudy day every once and a while here. If you see an 80% chance of rain in the forecast here, that more than likely means it will rain sometime during the day but it's more likely to come all at once for an hour or so than rain all day long. The mountains provide many microclimates. It is possible to be foggy up on the Ridge, partially cloudy in the valley and clear with blue skies just five minutes from the resort.

Places to Eat:

Lake Toxaway:

Grand Olde Station	5 Minutes	Upscale	Reserve	Historic Train Station
Greystone Inn	11 Minutes	Upscale	Reserve	Lake Toxaway Views

Miss Lucy Cruise around Lake Toxaway- 12 Minute Drive

Hours: Sunday- Thursday: 12:00 Departure (Weather permitting)

Reservation Required: 828-966-4700

The Miss Lucy escorts guests on relaxing and enjoyable narrated history cruise where you can enjoy a tour of the lake and lavish lakeside homes of the rich and famous. The Miss Lucy is a 26-passenger handcrafted mahogany boat made by the hundred-year-old Hacker- Craft Company.

Rosman:

PARI- Pisgah Astronomical Research Institute- 20 Minute Drive

Hours: Call 828-862-5554

Price: Call 828-862-5554

PARI is located at the site of the former Rosman Satellite Tracking Station, which was established by NASA in 1962. The site was part of the worldwide Spacecraft Tracking and Data Acquisition Network and an integral communications link for the manned space programs Project Gemini and Project Apollo. The facility was transferred to the National Security Agency (NSA) in 1981 and, as the Rosman Research Station, was used as a signals intelligence gathering facility. The site was closed by the NSA in 1995 and turned over to the United States Forest Service

Brevard:

Allison Deaver House Museum- 28 Minute Drive

Price: Donation

The Allison Deaver House, known to be the oldest standing frame home west of the Blue Ridge, has remained in virtual unaltered condition for almost two centuries. Still observable are working

fireplaces and the original paneling. The interior contains surviving paint finishes, hardware and intact original molding and trim. Here, time has stood still.

Cashiers:

Zachery-Tolbert House and Grounds Museum- 28 Minute Drive

Price: \$5.00

This unique Western North Carolina example of Greek Revivalist Architecture - a European architectural movement introduced in the United States in the 18th century by Thomas Jefferson- has remained intact for more than 150 years without electricity, indoor plumbing, or central heat. In addition to viewing the eight-room house, one room schoolhouse and cabin, visitors are encouraged to walk the trails, which date back to early times, see the two springs on the property, and view the archaeology exhibits.

Pisgah Forest:

Cradle of Forestry/ Biltmore Forest School- 29 Minute Drive

Hours: Daily 9:00-5:00 In Season

Price: \$6.00

The Biltmore Forest School was the first school of forestry in North America. The school of "practical forestry" was founded by Carl A. Schenck in 1898 on George W. Vanderbilt's Biltmore Estate near Asheville, North Carolina. The school grounds are now part of Pisgah National Forest in Transylvania County, North Carolina.

Today, the former school forms the basis of the Cradle of Forestry in America, a 6500-acre historic site which features exhibits about forestry and forest conservation history. The site includes the *Forest Discovery Center*, an indoor forestry museum, gift shop and cafe. There are two guided trails that include several of the school's buildings, a 1914 Climax logging locomotive and a portable sawmill. The Center offers special programs, crafts demonstrations, nature education programs and special events

Flat Rock:

Carl Sandburg Home: 54 Minute Drive

Hours: Daily 9:00-5:00

Price: \$8.00

Carl Sandburg Home National Historic Site, located at 81 Carl Sandburg Lane near Hendersonville in the village of Flat Rock, North Carolina, preserves Connemara, the home of Pulitzer Prize-winning poet and writer Carl Sandburg. Though a Midwesterner, Sandburg and his family moved to this home in 1945 for the peace and solitude required for his writing and the more than 30 acres of pastureland required for his wife, Lilian, to raise her champion dairy goats. Sandburg spent the last twenty-two years of his life on this farm and published more than a third of his works while he resided here.

The 264-acre site includes the Sandburg residence, the goat farm, sheds, rolling pastures, mountainside woods, 5 miles of hiking trails on moderate to steep terrain, two small lakes, several ponds, flower and vegetable gardens, and an apple orchard.

Asheville:

The Biltmore Estate: 1 Hour 3 Minute Drive

Hours: Daily: 10:00 – 4:45

Price: \$64.00

Biltmore House, the main residence, is a Châteauesque-style mansion built for George Washington Vanderbilt II between 1889 and 1895 and is the largest privately owned house in the United States, at 178,926 square feet of floor space (135,280 square feet of living area). Still owned by George Vanderbilt's descendants, it remains one of the most prominent examples of Gilded Age mansions.
